

The background of the entire image is an abstract composition of paint splatters. On the left side, there are large, dark, irregular shapes in black and dark blue. On the right side, there are vibrant splatters of red and yellow, some appearing as solid colors and others as fine, radiating lines. The overall effect is dynamic and energetic.

LIFEPLAY

3D ANIMATION

THE ANIMATION!

CONCEPT

In a world driven by entertainment and profit, animals are often inbred or force-bred to appear "cute" by Kindchenschema standards—large eyes, round faces, small noses—to trigger human affection. This animation exposes the hidden cruelty behind such practices through bittersweet storytelling and striking visuals. It highlights the suffering of animals bred for zoos and pets, often living with deformities and no freedom. Aimed at audiences who appreciate emotionally resonant yet edgy content, the project encourages reflection on the ethics behind our obsession with cuteness.

SYNOPSIS

Kira is the seemingly perfect product of forced breeding. She is the star of the zoo, adored by visitors. But one day, Kira uncovers a heartbreaking truth. With this revelation, she joins forces with the other hidden animals to escape their fate.

ILLUSTRATION OF THE
'LIFEPLAY' CLIMAX SCENE

1:1 MODEL

Handcrafted and painted using Styrofoam as the base, the head and body were individually carved into shape. Fur was then measured, cut into pieces, and carefully attached using adhesive spray. Final details were refined with Thai clay and finished with airbrushing for a polished look.

TAROT

Strength card represents inner strength, courage, compassion, and resilience. A woman gently taming a lion – Symbolizes the power of compassion, calm, and inner strength over brute force or aggression.

The Devil card in tarot symbolizes bondage, temptation, addiction, and illusion. A horned figure represents primal desires and fear, while two chained figures reflect being trapped by unhealthy patterns or illusions.
