From my perspective, the homeless people's concept is suffering and despair, so they use dull colors such as browns and grays. There will also be an orange color that looks like power is added to the suit. The frame of the suit is a layered complexity, and it has some gimmicks, so I wanted to make the outfit look layered with just one piece. To make it look more neat in terms of comfort, look with cutting.

DID [Dissociative Identity Disorder]
Deceased Collection: Dying in a World of Happiness
 multi-identity disease (Dissociative Identity Disorder) or DID It's a psychiatric disorder that I'm interested in because DID is a subconscious mechanism that was created to protect the mental and emotional state caused by mental damage. through the bad stories in life Most of the time, DID occurs in childhood, but DID can also be caused by other factors, such as malfunctioning brain chemicals or substance abuse after studying DID. I'm interested in Billy Milligan's case. for more: scan qr code on my post Design by @naiphanngam

THE INSPIRATION THAT I JOKINGLY WANTED EVERYONE TO BE EQUAL. SO I CREATED MY OWN CULT. IS A DOCTRINE OF EXISTENCE ALL DAILY USE IS EQUAL. THE COLOR USED IS A SINGLE COLOR. BUT IN THE END, IT'S DISTORTED BECAUSE THE TRUTH IS THAT HUMAN BEINGS CANNOT LACK FREEDOM.

My inspiration comes from Santi Taepanich's picture book. It reflects the real life aspect of Thailand's society, which is actually full of warmth and comedy. already on my own Happiness doesn't always have to be money. It's at the goal of our lives, which therefore makes me think back to myself in the past with memories or stories that hurt my heart and affect me

BANGKOK CHEAP FASHION

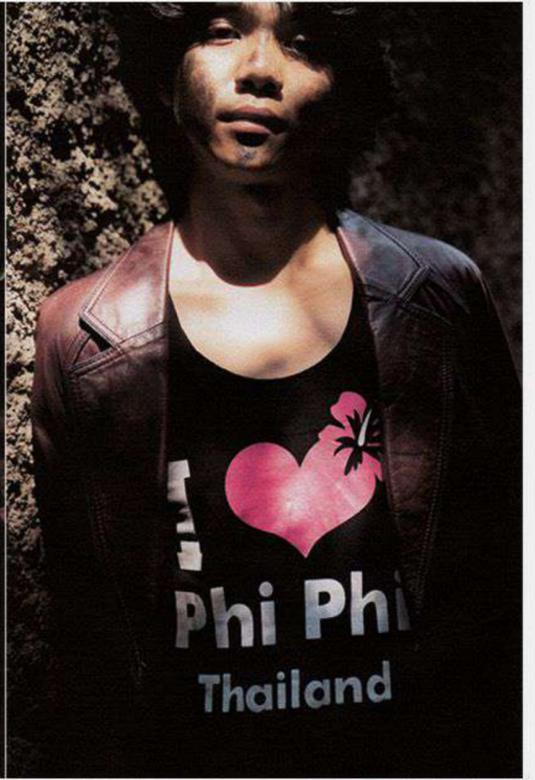

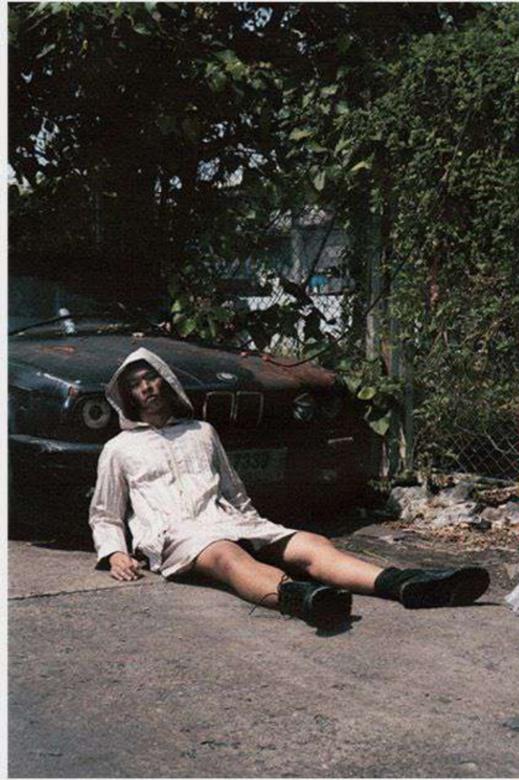

IN THE CAPITALIST WORLD, FOUR FACTORS ARE ESSENTIAL TO LIVING, WORKING, RETURNING HOME, EATING AND SLEEPING, WHICH ARE THE NORMAL LIFE LOOPS FOR PEOPLE IN SOCIETY. SOME PEOPLE DON'T HAVE THE TIME AND THE OPPORTUNITY TO PURSUE OTHER FACTORS IN LIFE. BANGKOK CHEAP FASHION CONVEYS FASHION IN ITS OWN FORM. BY BRINGING SECOND HAND CLOTHES THAT CAN BE FOUND TO NEW STYLING. TO REFLECT SOCIETY AND SHOW THAT FASHION IS AVAILABLE FOR EVERYONE.

WHAT DO YOU THINK ABOUT YOURSELF AFTER NOW.

HE IS RUNNING. :)

TRIED MY BEST !

Have you ever thought about how we grow and succeed? Some questions are always in my head. Until I know the pressure, stress. So I kept that pressure and always exploded through my art.

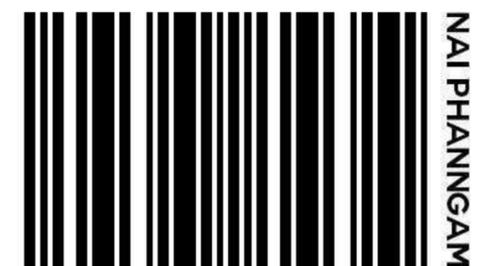

stress _____ power

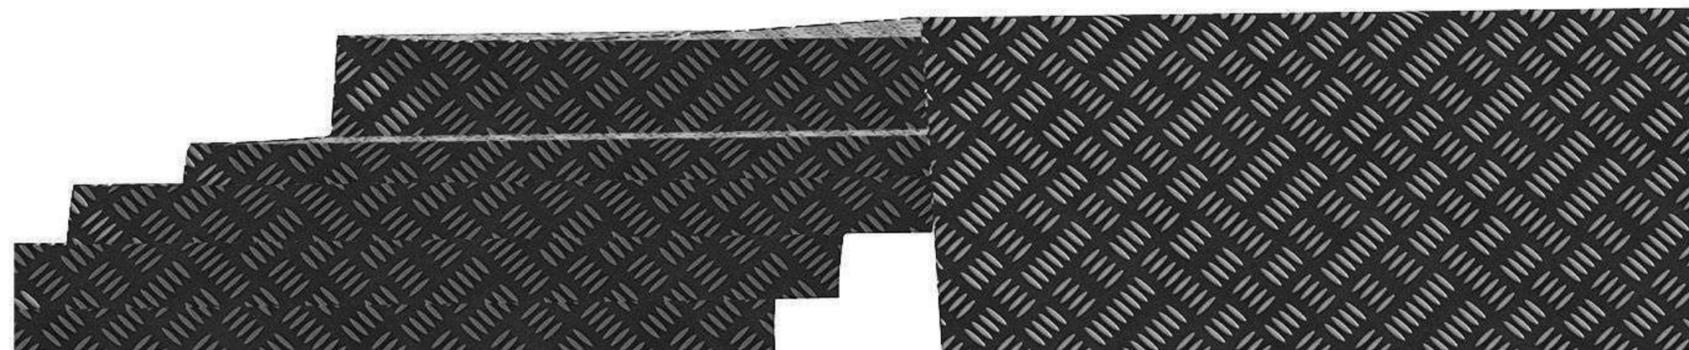

Number 9 is Thailand's lucky number. In future battles We cannot know what will happen to us. As long as we have faith, we will have power.

There are many ways out. please choose carefully

If starting with a dead end, We will still have a method for us to win this game. It's difficult if we look at the world in 2 dimensions, but what if we look at the bigger picture? We will touch different perspectives. We will definitely have more fun with this game.

HINT :

At some point, we will see that the real world is not as wide as we think.

CONFUSED IN THE PART

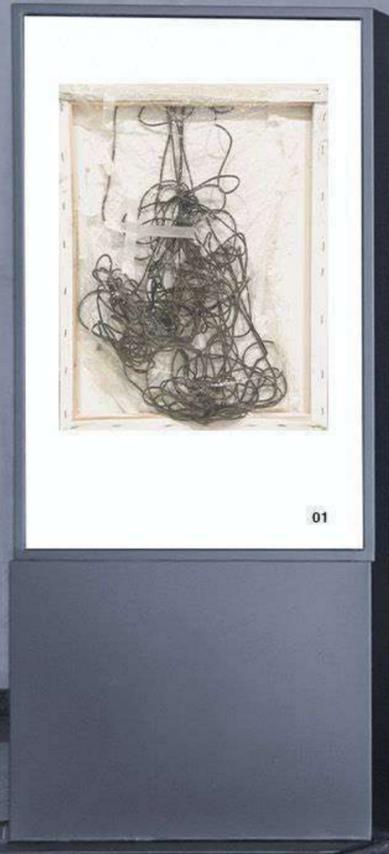

Pain feels different depending on the situation we are in. Sometimes it makes me sad, Sometimes we enjoy pain as if it releases something. In what situations have you experienced painful moments, good or bad, and how?

SCULPTURE

INSPIRATION

The inspiration for doing this thesis is the Thai social environment. That changes with time causes values, beliefs, and culture to change as well, so much so that it makes me feel like I'm being distorted by the environment around me that I used to encounter in my daily life. Gradually swallowed up, such as Buddha statues or paintings in Wat Makrangsarit. of Nakhon Sawan Province that is different from the mural paintings in other temples that usually tell religion, Vetsandara Jataka, or beliefs in various regions, such as mediums that occur everywhere in an unusual way. So I brought stories, places, and works of art that I have seen as Thai wisdom, which I think is very relevant to my perspective on life in terms of beliefs or things that already existed according to the culture. But because of time and thought, culture strange beliefs So I took those ideas and interpreted them and presented them as a story of change, using uniform as a message to express it in the form of men's clothing. of each age group which will include my past, present, and future.
