RAWIT BURINTHANACHAT

In the absolute zero of a perpetual ice age, where breath freezes instantly and survival is a joke, only one priority remains. Emerging from a cascading all-white faux fur ushanka and voluminous fur-trimmed ensemble, she is a vision of unbothered grace. Her tall hat isn't for warmth; it's a towering monument to her own self-obsession. Amidst the swirling frost, a frozen mirror reflects the precise moment she applies a dash of delicate pink blush to a cheek as pale as the surrounding tundra. Nature can rage and the world can freeze over

REST IN PRETTY

HER BEAUTY IS AN ABSOLUTE AND PERMANENT FIXTURE. APPLY, PRIMP,
EXPIRE. THIS IS THE NEW FRONTIER OF HIGH-MAINTENANCE:

FROZEN LIPS, HOT LOOK,
AND A COMPLETE DISREGARD FOR ANYTHING BUT THE PERFECT ANGLE."
